Une table de cotation fédérale basée sur la table de cotation internationale

La table de cotation natation F.F.H. pour la saison 2017-2018 reprend l'ensemble de la table de cotation IPC et se base sur les mêmes principes de calcul pour la catégorie S15.

Le World Para Swimming a mis en place ce système de point afin d'avoir un système normalisé. Le développement de ce système de points World Para Swimming fait suite à une réflexion commune avec les Comités Paralympiques Nationaux et les Fédérations Nationales. Le modèle est dérivé d'un travail de Kevin Pei utilisant le système de points.

Procédure de base

- Les données des classements mondiaux IPC à partir de 2009 ont été utilisées comme plate-forme de base.
- Chaque épreuve et chaque classe avaient leur propre tendance spécifique.
- Un modèle statistique commun a été utilisé pour cartographier la tendance de chaque épreuve.
- Ce modèle statistique a été appliqué à toutes les classes et converti en une performance de référence de 1000 points pour chaque classe combinée.
- Chaque année, il y aura un examen et une analyse des résultats et le tableau des points sera mis à jour.
- Par rapport aux modèles précédents pour le tableau des points, les nouveaux records mondiaux et les performances exceptionnelles uniques auront très peu d'impact (le cas échéant) sur les ajustements du tableau des points.
